

Hitler's Fate of Bremen, Settling Calls for Germaning

Hitler Said Trapped In Wrecked Capital With Escape Cut Off

From CP, AP and BTP Dispatches
ADVANCED BATTLE HEADQUARTERS, AEF, Germany, April 26.—With blazing Berlin rocking under an intense hail of aerial bombs and heavy artillery fire already two-thirds in Russian hands, and with all other fronts in the north, south, east and west rapidly disintegrating under the force of Allied hammer blows, time was running out today for Adolf Hitler and his fanatical followers.

Hitler himself, together with Col. Gen. Heinz Guderian, chief of staff of the German Army, is reported trapped in Berlin, with all hope of escape cut off.

Bremen, big North Sea port, second only to Hamburg in importance, fell to the British 2nd Army this morning. The few remaining Germans there are packed into the dock area and Burger Park, north of the centre of the city, and are being systematically wiped out.

Nazis in Hamburg Fall Back

West of Bremen, the great port of Hamburg is invested, and Nazi troops there are falling back while British and American armies are moving forward south of the city toward the west and the Baltic port of Luebeck. When Luebeck falls Denmark and the whole Baltic seacoast of Germany will be cut off from the Reich and another big trap will have been sprung on the Germans in those areas.

Stettin, German port on the Oder estuary, was captured by Russian forces advancing to meet the British 2nd and American 9th Armies, and completely occupied after a three-day battle.

Camp Captured

In the south, American and French armies closed in on Munich from the north and southwest, and Lt. Gen. George S. Patton sent tanks thundering down the Danube valley into Austria and Czechoslovakia.

At the city of Edmonston, sales at the close of the third day of the three-week campaign totaled \$172,039.400 for 25.5 per cent of the \$47,300,000 quota set for the province. It was announced at the Northern Alberta headquarters Thursday.

During the three days, 21,151 in dividends and firms made application for bonds compared with 25,121 in the Seventh Victory Loan. This is an increase of 0.040 in the number participating in the first three days of the present loan compared with the seventh campaign.

Canucks Taken In Dieppe Raid Moved by Nazis

By ROSS MUDD
WITH THE U.S. 3RD ARMY IN SOUTHERN GERMANY, April 25.—(CP)—Delayed.—The United States 3rd Army today liberated a prisoner-of-war camp in Southern Germany near the Danube where the majority of Canadian officers captured at Dieppe had been held more than 2½ years, but all these officers, except one, had been married farther south 11 days earlier.

The Dieppe officers left behind were two other Canadian officers, one captured in Sicily in August, 1942, and the other captured while serving with the British Army. Their names could be disclosed until next week when the details of this liberation.

Warms Dominion Cannot Survive Under Socialism

ARTHUR, Ont., April 26.—(CP)—Mitchell F. Hepburn, Ontario Liberal leader, told a provincial nationalist convention here last night that his party stands for free enterprise and Canada "cannot live under Socialism."

Of the CCF policy he said: "There can be only one alternative to capitalism. There are no halfway measures. I want to disconnect the Liberals from any form of Socialism or Communism."

BRIG. C. J. JEFFERSON, DSO, ED.

Alberta Total In Loan Drive At \$12,039,400

Edmonston sales at the close of the third day of the three-week campaign totaled \$172,039.400 for 25.5 per cent of the \$47,300,000 quota set for the province. It was announced at the Northern Alberta headquarters Thursday.

During the three days, 21,151 in dividends and firms made application for bonds compared with 25,121 in the Seventh Victory Loan. This is an increase of 0.040 in the number participating in the first three days of the present loan compared with the seventh campaign.

Ex-Premier Freed by Russians

LONDON, April 26.—(CP)—A Moscow communique announced last night the liberation of former president of the French chamber, M. Herriot, from a prison camp in Berlin.

M. Herriot, a former premier of France, once mayor of Lyons and a staunch supporter of the Allies, was arrested by the Germans in 1942, and was held in a prison camp in Berlin.

Herriot was freed by the Russians on April 25. He was taken to the Soviet zone of occupation in Germany and is now being cared for by the Red Cross.

Report Partisans Capture Mussolini

NEW YORK, April 26.—(AP)—The Swiss telegraph agency said today Benito Mussolini had been captured by Italian partisans in the north of Italy.

The agency said Mussolini was captured near Lake Maggiore. The agency said it received information from a Swiss border source that Mussolini had been captured near Lake Maggiore and was being taken to Switzerland.

Edmonton Man Is Liberated From Hun Camp

OTTAWA, April 26.—(CP)—Denise headquarters released last night a further list of one officer and 80 other ranks of the Canadian Army previously reported prisoners of war in Germany and now officially reported liberated from enemy prison camps and sent to Allied hands.

The latest list brings to 287 the number of Canadian prisoners of war officially identified as having been liberated to date.

Among those liberated are Pte. Dennis, a son of Mrs. Annie Dennis, 10348 36th street, Edmonton, and Rte. Jean Delapard, of Dickson.

CAPT. R. W. ROSS CAPT. V. T. L. ERIKSSON

For Gallant Actions French Government Honors Edmonston, District Soldiers

First awards conferred on Alberta military personnel serving in the north west European theatre of war by the French government were announced Thursday by national defence headquarters. Five Edmonston men were among the 15 Albertans honored in the list which included the names of 176 Canadians.

The awards were conferred on the Canadian soldiers by the French government, in "recognition of gallant and distinguished service in the cause of the Allies," according to the announcement.

Following are the Edmonston men who received decorations:

BRIG. CROIX DE GUERRE WITH PALM LEAF
DRO, ED, 19470 8th avenue;
CROIX DE GUERRE WITH GOLD STAR
Capt. Vernon Theodore Luther Eriksson.

CROIX DE GUERRE WITH SILVER STAR
Lt. Robert White Ross, 9761 99 avenue.

CROIX DE GUERRE WITH BRONZE STAR
Capt. Robert Thomas Burton, Edmonston and Jarvis.
Sgt. Noble John Howe, 95 street. District men included in the list are:

CROIX DE GUERRE WITH BRONZE STAR
Sgt. Douglas Sylvester Prentiss, St. Paul.
Cpl. Walter Carl Kimmel, Brantford.
Cpl. John MacIntyre, West.

Aldor, Ernst Schauer, Thorby and Warburg.
Cpl. Donald John Tidemann, Torfild.
Other Albertans who received awards are:

CROIX DE GUERRE WITH GOLD STAR
Capt. Oscar Leonard Obe-Croix DE GUERRE WITH SILVER STAR
Lt. Hugh Cawthra Craig, Macleod.
Lt. Gordon Ernest Irving, 817 10th avenue, W. Calgary.

CROIX DE GUERRE WITH BRONZE STAR
Lt. Sgt. George Robert Harbut, 304 10th avenue, Medicine Hat.
Citations for the awards are as follows:

Brigadier Jefferson has been on active service with the Canadian Army since 1914. He has been in the front line since 1914.

New Talks are Indicated Tension Grips Parley Delegates As Big Three Moving Toward Showdown On Polish Question

By NORMAN M. MACLEOD
Exclusive To The Edmonton Bulletin

SAN FRANCISCO, April 26.—(BUP)—A growing tension gripped delegates to the United Nations Conference today as the Big Three powers moved towards a showdown on the explosive Polish question.

Hotel lobbies buzzed with speculation that Soviet Foreign Commissar V. M. Molotov, chief Russian delegate here, may have received new instructions from Premier Josef Stalin on the Polish issue and that he was ready to meet again with Foreign Secretary Anthony Eden and U.S. Secretary of State Edward R. Stettin.

Molotov and Eden were scheduled to address a plenary session of the conference tonight at 3 p.m. MDT. The delegates awaited Molotov's speech eagerly for some hint on the Kremlin's latest word on Poland and perhaps on Russia's demand for revision on Russia's assembly of the proposed world organization to be set up here.

But guesses were that Molotov probably would avoid any public discussion of such controversial issues, at least for the time being.

Stettin, Molotov and Eden canvassed the Polish question in Washington last week and but re-emphasized on Russia's position.

Cardin States He Plans Form "Protest Party"

MONTREAL, April 26.—(CP)—Hon. P. J. Cardin, former minister of public works in the Mackenzie King cabinet who resigned in 1942 over the conscription issue, today said he would lead a new political party in the June 11 federal election.

He described as "heartening" however, the continued "zealousness" of individual Canadians, who up to Wednesday had signed for \$100,000 in individual purchases of \$20.000 on the third day of the seventh loan.

Big Cities Falling Uprising of Patriots Speeds Italian Rout

ROME, April 26.—(AP)—The Allied 8th Army erupted into the Lombard plain today, overrunning Parma and Reggio and threatening to bottle up German troops fleeing the industrial area northward.

Near the coast the British 1st Army poured across the Po River to strike at the Adige river. The enemy hastily evacuated his last foothold on the south side of the Po River east of Ferrara.

ROME, April 26.—(BUP)—The American 5th Army captured Verona today, a major frontier city. The capture of Verona was a major blow to the German position in Italy.

There was no immediate confirmation from air force headquarters that the Germans had fled from Genoa and Turin toward their homeland, leaving the partisans in full control of the cities.

There has been evidence for some weeks, however, that the Nazis have been preparing for the collapse of the three cities.

There has been evidence for some weeks, however, that the Nazis have been preparing for the collapse of the three cities.

Total \$203,179,900
Sales in Loan Slightly Below Previous Drive

OTTAWA, April 26.—(CP)—Canada's Eighth Victory Loan has run up a total of \$203,179,900 in the first three days of canvassing, with Wednesday's total amounting to \$20,328,150. National Loan Headquarters announced today.

This loan still lags a little behind the seventh loan which at this stage had a cumulative total of \$210,028,500, and a third-day total of \$20,328,150.

A headquarters spokesman said that on larger purchases from companies and organizations are somewhat slower than in the previous loan, but that more than a fair change to take up the slack.

It Says Here

by Bob Hope

HOLLYWOOD, April 26.—When our troops dashed ashore at Okinawa, they were surprised to find as few Japs as first. They were more surprised when a Seabee walked out of the bushes and wanted to know what had happened. But they shouldn't have been surprised. The Japs' Construction Battalion is always right up there. In fact I understand one of their boys inside his bunker was the man who moved Plymouth Rock closer to the water.

The Japs' Construction Battalion is always right up there. In fact I understand one of their boys inside his bunker was the man who moved Plymouth Rock closer to the water.

Then their civilian training has helped them. One Seabee who went to Okinawa had worked on a farm in Iowa. By the time the second wave came in, his gang had not only established a beachhead, they built a small drydock and had launched eight brand-new native crafts.

Escape Routes Cut Hitler and High Germans May Be Trapped in Berlin

Continued from Page One

rolled forward. Behind the tanks followed infantry divisions, some of them mopped-up and bopped-up Nazi units.

The threatened entrapment of Bohemia and Moravia by Patton's lightning thrusts may mean a greater blow than even the German divisions at Stalingrad and in the Ruhr. These last units, conquered parts of Czechoslovakia and contain the last heavy infantry divisions in German hands, when they are lost all munitions and war supplies for Hitler's armies are gone.

It now appears doubtful that any German force of magnitude can reach the Bavarian Redoubt area where the Nazis planned to make their last stand.

ESCAPE ROUTES CUT

All roads and rails from the Pilsen-Praha area to the Redoubt are cut except for a circuitous route through Linz, and the American 3rd Army is now closing rapidly on that Austrian city.

Interest in Allied headquarters centres around the Berlin battle and the news that Hitler is personally directing the defence of the city. It is doubtful that he will be able to get out of the city.

Reports from the Russians say that Guderian is organizing the last ditch defence under Hitler's personal supervision and that the Fuehrer daily receives commanders of the German front sectors in his underground bunker. He listens to reports, gives orders and hands out decorations to "those distinguished themselves."

Another report indicates that Goring and Goebbels may have fled the city, as they have been seen to have been there as late as yesterday. If they did not get away, they are trapped.

"If they are still there we will have them, dead or alive," said a Russian staff officer commenting on the report.

If Guderian is in Berlin he is being opposed by a Russian general who has defeated him before.

NAMED STAFF CHIEF

Guderian was named chief of staff of the German army in the short attempt to the Fuehrer's life on July 20.

A renowned tank expert, he won his greatest fame on the Russian front when he led the first of the Russian line at Gommel early in the war. Later, however, he was defeated by Marshal Vaino Konev on the approach to Moscow, and lost his command.

Konev is one of the two Russian top commanders on the Berlin front. He is presently in the city.

Today he sent one spearhead running in from the west, and another, 400 yards from the underground headquarters from which Hitler and Guderian are said to be directing the defence of the capital.

Although insistent Nazi assertions that Hitler and his high-ranking Nazis are still there gained in plausibility, Allied sources are not at all certain that he has now decided to make his last stand in Berlin. However, the situation in and around Berchtesgaden may have eased him to change his plans, and the Russians at least believe they have him trapped and have issued orders to the assault troops to be on the alert for his high ranking Nazi leaders in the last phase of the battle.

If they are the doomed city their escape would be a miracle.

The Allied air force has been enabled in the fighting and the famous Tempelhof airfield is now in Allied hands.

The last ground escape routes, including five railways, two super-highways and five major highways were severed yesterday when two Russian armies linked up at Kottbus and Marquardt, a score of miles west of the centre of Berlin.

With these ground routes cut off and Allied planes circling the city to shoot down any airplanes attempting to take off, any Nazi leader now left in Berlin are trapped.

The Russian forces on the east of the Tempelhof airfield captured planes with warmed-up engines taking over, and it is believed these were reserved for a last minute attempt of Hitler and any of his leaders still in the capital.

Meanwhile the shattering attack of Allied armies in the Ruhr and on the west coast are being continued, and every sector of the German front the Nazis are retreating before the Russian and American blows.

The Russian forces are now taking over the Tempelhof airfield, and are tearing through any opposition.

Tanks of the U.S. 3rd Army

continued to roll down the Danube valley, and the 6th Army of the Alpine reached. They have closed on the Bavarian Redoubt area, 47 miles north of Berchtesgaden and 95 miles from Redoubt forces storming in from the East to seal a trap on Hitler's last citadel.

The last of the tank spearheads are reported already in Austria, and the 2nd Army infantry divisions have forced the Danube barrier at three points on an 85-mile front east and west of Salzburg.

DRIVE UP DANUBE

Other 3rd Army troops drove up to the Danube farther west in the Insulstadt area, only 45 miles north-west of Munich, and still another column was nearing the river in the Straubing area, almost midway between Regensburg and Passau.

Munich, capital of Bavaria and cradle of Nazism, is also menaced by the 7th Army troops farther west, who are now reported only 30 miles northwest of the city and are steadily advancing against organized opposition.

Hitler's elaborate chalet at Berchtesgaden, 20 miles from the city, is being shelled by the 2nd Army, and the city is being shelled by the 2nd Army.

The RAF raid was coordinated with an American air strike that destroyed 15 German planes and damaged another 120 in and around the Bavarian capital, and these shattering blows are breaking German morale wide areas on the last lap of the bloody road to the German capital.

Even greater chaos has shaken the city, as they have been seen to have been there as late as yesterday. If they did not get away, they are trapped.

"If they are still there we will have them, dead or alive," said a Russian staff officer commenting on the report.

If Guderian is in Berlin he is being opposed by a Russian general who has defeated him before.

Use Guns, Shovels, Axes Nearly All Berlin Nazis Resisting Soviet Attack

Continued from Page One

MOSCOW, April 26.—(AP)—A Russian war correspondent in Berlin reported today that virtually all the Germans in the city were resisting the Soviet Army's growing attack—"everyone able to hold a gun, shovel, axe or crowbar."

He said that the Germans were using all the weapons they could get their hands on, and that they were fighting with great determination.

Tommy-gunners, red in the hands of the city, had been seen in the streets, and they were fighting with great determination.

More and more flags fluttered from Berlin's windows and balconies, and the city was in a state of confusion.

Earnings of Pool Exceed Dividends

OTTAWA, April 26.—(CP)—Net earnings of the Alberta Wheat Pool have been "substantially more" than payments in patronage dividends in several recent years, R. D. Purdy, pool manager, said yesterday.

Purdy said that the pool's earnings had been "substantially more" than payments in patronage dividends in several recent years, R. D. Purdy, pool manager, said yesterday.

Aircraft Carrier Is Named After F.D.R.
WASHINGTON, April 26.—(AP)—A giant aircraft carrier to be launched at the New York Navy yard Sunday has been re-named the "Franklin Delano Roosevelt." The Navy assigned the name of the late president to the carrier as a token of honor for his long and illustrious association with the naval service.

Delegates Back King's Proposal For Conference

By NORMAN MACLEOD
Exclusive to The Edmonton Bulletin

SAN FRANCISCO, April 26.—(AP)—The Canadian delegation to the United Nations conference was a solid unit today behind Prime Minister Mackenzie King's policy of subordinating all special aims to the prime purpose of achieving a world security organization.

The position of the Canadian delegation was announced by a spokesman before the great conference was formally convened yesterday.

The spokesman stated that the delegation had met and unanimously endorsed the prime minister's policy of targeting Canadian participation solely in the first instance towards the difficult and delicate task of bringing a security body into existence, and of pressing the strong views which Canada holds upon middle power status only after this first "prime objective" has been achieved.

PROPOSED COURSE
The course proposed by the Prime Minister and approved by the delegation means that Canada will not propose any amendments to the Dambiarth Oka proposals in the initial phase of the conference.

There is the suggestion in delegation circles that Canada use the fact that it has no axe of its own to grind at session of the conference to gather support for its own middle power proposals to be brought forward if conditions are favorable, before the gathering closes.

On these grounds it is indicated that amendments suggested by other powers will be carefully studied by the Canadian delegation and support for them traded where the Canadian undertaking to support Canada's position later in the conference.

It became known in Canadian circles that Canada is prepared to support any move to give a prominent place to social and economic problems in the conference agenda. Already there are suggestions among conference delegates that the body dealing with the proposal for the creation of an economic and social council should be elevated to the dignity of a full commission of the conference.

Polish Question Still Deadlocked

SAN FRANCISCO, April 26.—(AP)—The Big Four foreign ministers broke up a last-minute pre-conference meeting yesterday with the Polish issue as badly deadlocked as ever.

A few hours before the formal opening of the United Nations conference, Foreign Minister Molotov of Russia left the hotel office of State Secretary Stettinius. He was followed shortly by Foreign Minister Eden of Britain and China's foreign chief, Soong.

None would tell newspapermen what they had discussed.

However, it was learned definitely that no progress had been made toward a break in the deadlock on Poland and the Big Three remained split over the status of the Warsaw government.

Mindanao Capture Nears Completion

MANILA, April 26.—(AP)—Mindanao, last large Philippine island in Japanese hands, is passing swiftly into American control with American troops within 27 road miles of Davao.

Around Baguio, the Americans are pushing down highway No. 9 from the northwest to within 2,000 yards of the rest of the summer capital on north Luzon.

Map above shows German cities with pre-war population of 100,000 or more taken by Allies and those still held by Germans. Some of the cities such as Berlin are not yet completely in Allied hands.

Appeals for End of Fighting

Germany Beaten Says Foe General

By DON DOANE

LONDON, April 26.—(AP)—

—Lt. Gen. Heinrich Kirchheim in a Luxembourg radio broadcast last night appealed to the German high command to "make the Fuehrer cease fighting at once" because "the war is irrevocably lost."

He was the first high-ranking German officer captured by the Americans to make such an appeal.

Directing his remarks to Field Marshal Wilhelm Keitel, chief of staff, but privately admitting he thought the effect "very doubtful," Kirchheim said:

"You Field Marshal Keitel, are the father's highest military adviser. It is your duty to stop this senseless slaughter of our youth and destruction of our last cities. You must succeed in making reason conquer against military amateurs and make the Fuehrer cease fighting at once."

"It must not be further continued—certainly not for defence of our soldierly honor. Our honor requires us to confess our defeat and bear our heavy fate with dignity."

Kirchheim said his fellow German officers "cannot feel bound to their oath any longer," and added, "whoever continues this war is guilty."

The general was reported to have removed Hitler's medals when he heard of the brutalities in German concentration camps.

Although Kirchheim is the first top-ranking German officer to appeal for capitulation from the western front, several captive officers have done so from Moscow.

CAPTURED BY YANKS
Kirchheim was captured by the American 9th Army last week. He was found driving his own car in an American supply convoy headed toward the front.

He told Keitel he had watched the fighting in the Magdeburg

area with the intention of reporting to him what "shaking observations I made." Prevented from doing this by his capture, he said he was making the report by radio.

The Wehrmacht—German underground movement pledged to continue the fight behind the Allied lines—Kirchheim dismissed as merely a "good means of propaganda" which has "nowhere made any appearance."

Americans Advance On South Okinawa
GUAM, April 26.—(AP)—American troops surged ahead on south Okinawa yesterday in the first general advance reported since their big push started a week ago.

Recapture of Kakutsu village in the centre of the line and seizure of another important elevation on the east coast were reported today in a communique which listed 21,200 Japanese dead and 399 prisoners taken in the Okinawa campaign, as of yesterday.

This was one-third of the estimated enemy garrison on Okinawa. This compared with announced American dead of 1,146 up to last Sunday midnight. In addition, the American toll included 3,982 wounded and 200 missing, for total casualties of 7,424.

Found No Canadians In Hun Horror Camp Says General Vanier

PARIS, April 26.—(CP Cable)—

Gen. Georges P. Vanier, Canadian ambassador to France, returned to Paris yesterday from a two-day visit to the Buchenwald concentration camp in Germany where he went to make sure that no Canadian nationals were imprisoned.

"Press stories on the horrors of Buchenwald are unfortunately," he said, but declined to go into detail pending submission of a report to the external affairs department at Ottawa.

Besides confirming there were no Canadians at the camp, Gen. Vanier obtained information regarding any Canadians who might have been interned there earlier in the war.

German Proposals For World Parley

NEW YORK, April 26.—(AP)—

The German radio at the besieged port of Bremen, in a broadcast broadcast to delegates to the San Francisco conference, said yesterday "the problem of disarmament is the central question on which any future peace program is bound to rest."

The English-language broadcast, reported by the Federal Communications Commission, proposed that the conference place a ban on the use and manufacture of "the heaviest artillery" and "the heaviest type of tank" and "the heaviest type of aircraft" and "the heaviest type of incendiary bombs."

The broadcast also proposed that "the bombing of open localities outside the range of medium or heavy artillery on the fighting fronts" and "the bombardment with long-range guns of towns more than 25 kilometres (about 15½ miles) distant from the battle zone," be prohibited.

"These proposals, it stands to reason, are not new," the broadcast added. "They were produced by the German government in March, 1939."

Canadians Face Fanatical Enemy

By DOUGLAS AMARON

WITH THE CANADIANS IN GERMANY, April 26.—(CP)—

—Miners, demolitionists and a fanatical enemy are the toughest conditions Canadian troops in their northward advance between Oldenburg and Bremen.

Progress at the eastern end of the broad Canadian Army front is slow, but useful advances are rolled up each day and the prisoner haul is continuing to grow high.

The day, rolling ground in this region is more favorable to the Canadians than the high, rolling ground of Oldenburg, through which the 8th Canadian Armored Division is blazing northward.

The Canadians already are some distance south of Kirchheim, about 10 miles south of Oldenburg. This village, which the Germans defended stubbornly, fell Tuesday to Central Canadian Highlanders who turned back a determined series of counter-attacks before clearing the place.

State Leaders Will Proclaim Date V-E Day

ALLIED SUPREME HEADQUARTERS, Paris, April 26.—(AP)—

The chiefs of state of the principal Allied powers, and Gen. Eisenhower, will proclaim the day of victory in Europe, just as they are to announce shortly the junction of the Russian and western Allied armies in Germany.

There is no general expectation here that the V-E day announcement is near at hand. It is known considerable confusion, being brought to bear to prevent a premature celebration.

There is confidence Germany will be smashed as a military power by the anniversary of D-Day, on June 6, less than a month and a half away. But the majority of correspondents at supreme headquarters believe there is little likelihood of ending the last resistance in the far northern and southern pockets by reductions by that time.

U.S. Bombers Hit Japanese Homeland

GUAM, April 26.—(AP)—

A force of 200 to 250 Superfortresses bombed airfields on the Japanese home islands of Kyushu and Shikoku this morning. The strike, aimed at bases from which the Japanese have played air attacks on American ground positions and shipping at Okinawa, marked the first B-29 raid on Shikoku.

Woodward's PRINT DRESSES For Young Edmon-Teens

Teen-age sizes in glorious bright prints. One and two-piece thrillers designed especially to attract glances. Spring and summer's most splendid materials in the year's smartest styles and colors. Round, square and fancy necklines, and many other fashion effects made for the junior figure. Sizes 11 to 16. Priced at

\$5.95, \$7.95, \$8.95 and \$9.95

Coal Railways Using Is Said Of Low Grade

WINNIPEG, April 25.—(CP)—Complain that low quality fuel is being furnished by some Alberta collieries for use on locomotives on the Canadian National Railway, western region, was made yesterday in a brief presented at the final Winnipeg sitting of the Carroll royal commission.

The brief, prepared by a special fuel committee of Engineers and Brotherhood of Locomotive Firemen and Engineers, was presented by F. Rasmussen, union chairman.

He recommended more rigid supervision over the shipment of steam coal for use on locomotives be enforced either by Dominion or provincial government authorities.

WANT REGULAR SUPPLY
Mr. Rasmussen also urged the necessity of the best steam coal being supplied for train engines, and that a regular and uniform supply be maintained.

The report of the special fuel committee said: "During winter months, when the demand for commercial fuel is highest, the railways receive the screenings which contain a large percentage of non-combustible material."

"This condition fluctuates with the demand for commercial fuel, so much so that we find material separated by the cleaning plants, and which ordinarily be discarded, is passed on to the railways."

"It is also found that when complaints are registered, or when test runs are being conducted, coal having higher heat units is delivered temporarily."

The committee reported that when improvement is made in the quality of coal from one mine, the coal from another mine in the same area deteriorates.

HINT UNDERSTANDING EXISTS
"This would suggest complete understanding between the mine operators," said the brief.

The committee report also said that consistent variations in the quality of coal furnished increased labor for the firemen and created greater difficulties for the engineers and members of the train crew in endeavoring to handle the train with a minimum of steam pressure.

With inferior grades of coal, consumption in freight and passenger service in numerous instances is doubled, Mr. Rasmussen reported.

Mr. Rasmussen, in reply to a query from J. Frawley of Edmonton, commission counsel, said complaints had been registered continuously to railway officials regarding the poor quality of coal.

Discuss Problems Coal Distribution

WINNIPEG, April 25.—(CP)—Problems of coal distribution to farmers on the prairies were discussed before the Carroll royal commission on coal here today with briefs submitted by the Federal Grain Council, the Occidental Coal Limited and Oxy, Hammond and Nanton.

In the brief of the Federal Grain Council, presented by J. Mowat, manager of the coal department, it was suggested if retail dealers could operate on a 12-months basis instead of seasonal, it would create a more stable coal industry.

Mr. Mowat recommended co-operation of those permanently concerned in coal—the mines, the railways, the retail dealer and the consumer.

At 411 points on the prairies, the line grain elevator company is the only coal dealer and the only means of supply, said the brief.

Cut Interest Rate On Treasury Bills In Saskatchewan

REGINA, April 26.—(CP)—Provincial treasurer C. M. Fries said yesterday he had been advised by chartered banks the interest rate on nearly \$10,000,000 of Saskatchewan treasury bills held by them will be cut from three to two per cent effective April 1. The Bank of Canada also will reduce the rate on Saskatchewan bills.

Mr. Fries said the action had been taken voluntarily by the banks due to the improved financial and economic condition of the province which has enjoyed good crops in recent years.

Three per cent interest still will be paid on certain treasury bills held by the Dominion government. A total of \$7,450,000 in bills is held by the federal government but interest at present is being paid on only \$3,500,000 of this total.

Harkey, the first national zone of haring, and possibly gold and silver, are derived from poise.

HOLD EVERYTHING—

but we won't have room
for your canoe!"

In "Serious Accident"

Report Hitler Severely Hurt

Exclusive to The Edmonton Bulletin

STOCKHOLM, April 26.—(UPI)—Wholly unconfirmed press reports said yesterday that Adolf Hitler had been injured severely in a "serious accident" in Berlin.

No details of the supposed accident were available, but the German radio announced earlier this week that Hitler was remaining in the "main defence line" in Berlin.

The Nazi-controlled Scandinavian Telegraph Bureau said Hitler was directing the defence of Berlin from a subterranean fortress under the high command building on Bendstrasse, already under Soviet artillery fire.

It was at his headquarters elsewhere in Germany last July 20 that Hitler narrowly escaped assassination in a military coup. A bomb exploded only a few feet away from him and he was burned and bruised. An associate was killed and a dozen others wounded.

Navy League Plans New Youth Program

CALGARY, April 26.—(CP)—Plans for a national youth training movement based along lines similar to the Sea Cadets were formulated at the annual convention of the Navy League of Canada here yesterday.

Officers were authorized to start implementing the plans immediately.

Although sponsored by the Navy League, the new movement will have no direct connection with the Sea Cadets, instead, it is planned, by using the basic Sea Cadet syllabus, to "teach

good citizenship and patriotism regardless of creed" and to "give leadership to youth."

As outlined to delegates by H. R. Gillard, national secretary, boys would be known as Navy League Sea Cadets and it will be optional whether uniforms are used, although this was preferable.

Uniforms would have to be purchased by the individual groups or members and would be "reasonable facilities of present sea cadet uniforms enabling them to mingle with our Royal Canadian Sea Cadets on occasion."

Russia's "Stormovik" is the most heavily armored war plane in existence. Only the wings are unarmored.

Edmonton Airmen Wreck Hun Planes

LONDON, April 26.—(CP)—A Focke Wulf 189 was destroyed in combat and five enemy aircraft—two FW190s, two JU88s and one JU288—were damaged on the ground Tuesday night by RCAF Masquitos on intruder patrols over Germany. One RCAF aircraft is missing.

A continent-based Nighthawk Masquitos during the night shot down a JU52 near Bremen, bringing the combined score of the Nighthawk and Cougar squadrons to eight destroyed and nine prob-

ably destroyed during the last four nights.

The other enemy planes were accounted for by three Masquitos from the Britain-based Lynx squadron, which since it switched from night fighting to night intruder operations four months ago has destroyed 15 enemy planes and damaged 35.

FO Jack Wyman, pilot, Edmonton, destroyed the FW189 in the air and damaged the JU288 on the ground. FO John Cause of Edmonton and an English navigator damaged three planes on the ground.

Tungsten put a stiff backhane in softer metals is anti-air, and, in corrosion.

Industry Control To Loosen in U.S.

WASHINGTON, April 26.—(AP)—Set-up in civilian production controls within a few months was predicted yesterday. J. A. Krug, War Production Board chairman, estimated WPB may be able to release nearly one-third of its controls on industry in the next four months.

Dies on Luzon

BROOKFIELD, Mass., April 26.—(AP)—Sgt. Erford Gage, young film actor, who frequently has portrayed arrogant Nats, died in action on Luzon March 17. He was 22.

"..don't tell Mother"

The boy writes to his Dad: "I didn't know they reported me severely hurt in December.

It was nothing much. I was back in the line in six weeks. But this time it's different.

Kind of tough on you folks to be upset by two cables so close together.

This time, I've had it. They got me in both legs. The right one isn't bad; but the left one isn't so good. It looks like I might lose it.

Don't tell mother, yet. I'll write to you at your office for a while.

Well, Dad, this is just a scribble. Maybe I'll be seeing you sooner than I expected."

Our self-denial is paltry beside their sacrifices . . . paltry for each of us,
yes . . . yet the bond you buy may mean that some boy will have a better
chance of coming through . . . coming home.
The bond you buy may save the sending of a cable to
somebody's mother!

GIRLS—Haven't you something a little more enchanting? I'm going to my ration board this afternoon!

Spotlighting The Sport Girl

By SUSIE Q

Next week will witness the climax of several candidates to play football in the professional football leagues around Chicago, and doubtless attracted by the prospect of money offers. Some folks will miss the heretofore familiar face in the local sport parks, though these departures will give opportunities for newcomers to play.

While the Alberta football season for these leagues is not generally known in Edmonton, some questions have been expressed as to whether said sport will offer to the selected leading player at the end of the Edmonton season, an all expense paid trip to the States and introduction to the leagues there as has been announced in the eastern Canadian cities.

The object of such announcement is obvious. The sport is called football down there and football here, which may account for the local understanding that an ex-professional in football may play football here. We have reference of course to the published statement that "professionals" in other sports would be acceptable in Western Canada football.

Which reminds us that Bobby Rosenfeld, an old-timer in writing Toronto sports items, grants this: "We'd like to toss this friendly warning in the direction of Toronto's football prospects in general. . . . After years, as just another game, football is on the threshold of big time. We find that folks behind the games are pulling too many sneak punches for their own, the fans' or the game's good. . . . It's all getting a bit sticky."

Maybe Miss Rosenfeld was commenting on the fact that the city of Toronto was paid more than \$100,000 as its share of the receipts of the 1944 season for providing the park for the girls' league at Sunnyside, and wondering just how the other thousands were dispensed on the side?

Apropos of the offer of the eastern Canada basketball wo-

men champions to travel to Vancouver for a Dominion playoff series, it paid \$15,000 of their expenses, there are a number of folks in Edmonton who are curious to know if the East offered to pay that amount for the Vancouverites to play in the east? The reputations of eastern teams are invited to travel west and the failures to reciprocate has several occasions in the past.

Writing of Vancouver, we were shown a letter from a sporting authority in that city, quite critical of some phases of the recent basketball trip made by the Edmonton team. However the letter went on: "The girls were extremely popular here. . . . We thought Edmonton hospitality wonderful on a previous trip to your city some two years ago."

One can hardly miss the vacant spaces around the city occupied at times by younger girls enjoying ball games. At the Edmonton team, the evening, we counted more than twenty young girls who had braved up a couple of miles and maybe borrowed a ball from a brother, having as they expressed it, a "swell practice."

The published suggestion that older girls might be found to help out in coaching (and this might involve several question marks) is worthy of attention, though it might be emphasized from a recreation standpoint rather than an inducement to train players for future big time and professional opportunities, which has been a regrettable feature in some of the male sports.

Incidentally, we do not more of the older girl leaders attend the meetings of the Edmonton Recreation Commission and possibly learn more of what might be done? The meetings are open to the interested public, even if spectators do not actually have a vote in the proceedings. And we feel sure that any suggestions for the common girl interests would receive most respectful consideration.

Many Jay Notables Killed in Sinking

LONDON, April 26.—(AP)—The Tokyo radio said yesterday the Japanese relief ship Awa Maru, previously reported by the Japanese to have been sunk April 4 by a submarine, carried 1,200 passengers, including "many notables." Among those listed were Shimppei Takahashi, vice-minister of Great East Asia Affairs.

Today's Sport Parade

By Leo H. Petersen

NEW YORK, April 26.—(BUP)—They are going through the motions at Churchill Downs these days of getting ready for a race which may never be run. Entries for the 1945 Kentucky Derby closed Wednesday and right now there are no more confused gentry in the sports world than those connected with horse racing.

But they are taking no chances. When and if the ban on racing is lifted they will be ready to go and so will Col. Matt J. Winn with the 71st runner of the most historic race in the United States.

No Derby Day may dawn this year. It not only depends on how the war goes, but also on what the government wants. There is no question about the first, for it is strictly a matter of time now, but there is doubt now whether the ban will be lifted on V-E day.

SIGNAL TO GET READY

JAMES F. BYRNES said it would be before he resigned as war mobilization director. He was responsible for the ban which went into effect Jan. 3, and his announcement that the ban would be lifted when Germany folds was the signal for the horsemen to start getting ready. The prospects looked even brighter a couple of weeks later when Col. J. Morgan Johnson of the ODT disclosed that the government was considering a plan under which racing would be resumed on a limited scale after May 10.

But that optimism didn't last long for in his first news conference, General Truman made it plain that the government would wait until V-E Day before determining what to do about such things as horse racing.

Some stables have their horses well enough along in their conditioning programs that they would be ready to start the day the signal rings green.

INCLUDE 100 HOPEFULS
The 100 or more hopefuls which will be entered in the Derby. When all the entries are received, which are mailed before midnight last night, Churchill Downs officials expect the list to exceed 100. If the nominations do reach 100 and 12 go to the post, a Derby victory this year would be worth in excess of \$100,000.

The standouts among the three-year-olds already have been named. Chick Hurd officially expects the bid to exceed 100. If the nominations do reach 100 and 12 go to the post, a Derby victory this year would be worth in excess of \$100,000.

Horses, Jockey Off For Toronto

VANCOUVER, April 26.—(CP)—A carload of British Columbia horses and Alice Haller, of Kamloops, one of western Canada's most prominent jockeys, leave this week for Toronto where the Woodbine track opens May 15.

Among the shipping shippers are A. G. Brady's Brammer string, Dr. L. C. Appleby's group of B.C.-bred plus Miss R. Bain's Rosette and El Rhythm. The Brammer string includes Muehle and Fairy Trace, which are said to have cost owner Brady \$12,000 last fall in Maryland. Dr. Appleby is sending the 1942 Canadian Derby winner, Magnolia Line, and the four-year-old Com Laude.

Central Workout Set For Tonight

Centrals of the City Men's Practice League will stage a practice tonight at Kingsway Park from 6:30

clock until 7:30. All former players and any new ones wishing to have a tryout are requested to be on hand.

and Battelle, Mrs. Gertrude Deman's Fighting Don, Arthur Brown's Mose, C. C. Tann's Best Effort, J. K. Housh's Houshband, 12 Cind, T. D. Bull's Air Sailor, the Paragon Stables' Bob Mann and the Indian Rock Stables' Dorem, Lake Free For All, they now are quartered at Churchill Downs and are training soundly.

AIR BASE "A" LEADER
With the exception of the regular season, the Air Base "A" Bowling team had a nice Bowling team in the

Repeat Bowling last year with a total of 108. Walter Foster, Durick, and with one and one-half years ago, the team had a high single score of 300.

EAC Will Hold Practice Tonight

Edmonton Athletic Club will hold its first junior baseball practice of the season tonight at the east end of the Municipal Golf Links, starting at 7 o'clock. John Dimes and Clayton Dalglish will be on hand to welcome all players.

Sandlot Fastball Meeting Monday

There will be a special sandlot (fastball) meeting for all team representatives in zone "B," which covers the districts south of the Saskatchewan River, excluding Forest Heights and including Rosedale Park, at the home of Bill Keating (zone convenor), at 9023 100A St., Monday, April 30.

All teams are asked to have representatives at this meeting. Representatives should be prepared to submit lists of players' names with addresses and birth dates.

There will also be a meeting of Zone No. 2, the district south of the Saskatchewan River, east of 101 street, and including Forest Heights, in the YMCA Men's room on Saturday, April 28, at 8 p.m.

The practice of wearing objects around the neck dates from the Stone Age.

CANADIANS GO OVER TOP—Canadian Bren gunners and snipers cover their comrades as the Dominion troops go over the top of the dyke in operation north of Laron, Holland.

May Be Delays In Notification Of Soldiers Freed

OTTAWA, April 26.—(CPI)—Many Canadian prisoners of war are being released with the Allied advance through Germany that the matter of getting official word back to loved-ones in Canada is being delayed in some cases, defence

headquarters said yesterday in a statement.

Official notification is sent to loved-ones only after careful checking is done to guard against the possibility of erroneous information adding to the anxiety of a family, said the statement.

James J. England created the position of post laureate in 1917 and gave it to Ben Jonson.

Extend Service

OTTAWA, April 26.—(CPI)—Postal service to Greece, including Crete, has been extended to permit the mailing of packets containing printed matter, including newspapers and periodicals, up to a maximum weight limit of four pounds, the post office department announced yesterday, but the relaxation applies only to such matter mailed by the publisher.

Should Enter All Servicemen On Voters' List

OTTAWA, April 26.—(CPI)—Jules Castonguay, chief federal electoral officer, said last night there was no doubt in his mind that members of Canada's armed forces over 21 years of age should be entered upon the list of electors for their home polling division.

Mr. Castonguay said there appeared no possibility of any delay in the right of members of the forces to have their names on the electoral list for their home polling division.

Under the Dominion Elections Act, a Canadian on war service was deemed to continue to be an elector in Canada.

ENTITLED TO BE ON LIST

These Canadians on war service, who were over 21, were entitled to have their names entered on the lists of the home polling division, no matter how near or how far they were stationed and so matter how long they had been engaged on active service.

He suggested relatives of service personnel make sure the names of Canadians on war service are put on the lists.

Members of the forces under 21 were not entitled to have their names entered on the list of electors nor to vote in civilian elections. However, they were entitled to vote in war service elections under the regulations set out in the war service voting regulations passed at the last session of parliament.

D-Day Code Word, Extra "Hush-Hush" Told in Commons

LONDON, April 26.—(CPI)—When War Secretary Sir James Grigg informed the Commons that "overland" was the code-name for the invasion of Europe, he caused consternation in military security offices.

"Overland" was made public by mistake, Sir James said, the war office has acknowledged its error. Every major military operation is given its own code-name. Military intelligence contends that for the enemy to be told even long after the time it was used would be breaking down the whole military code system.

No Assistance For Elections Unless Requested

LONDON, April 26.—(Reuters)—The British government will only help in supervising elections in liberated countries if the people and governments concerned ask for such supervision, Lord Selborne, minister of economic warfare, said in the House of Lords yesterday.

Lord Selborne, Conservative, had advocated supervision of elections in liberated countries of central and eastern Europe. "To ensure the free expression of popular opinion and to prevent violence and intimidation by political groups."

Ask Ottawa to Halt Winnipeg Elections

WINNIPEG, April 26.—(CPI)—The Winnipeg labor council yesterday sent a wire to Hon. J. L. Lally, asking prime minister, demanding that an emergency order-in-council be passed before May 1, permitting a strike that has paralyzed the Winnipeg area which have been served with essential imports, is remain in the province occupied by them. The council also asks suspension of the election process of the Landlord and Tenant Act of Manitoba until the famine had first been halted.

It isn't just another piece of Bunting...

It isn't just another piece of bunting . . . it is the Emblem of Canadians' Will for Victory and the determination that inspires them to raise the money for the "tools to finish the job."

The Huns have never seen this "V" Flag, and wouldn't know what it stands for anyway; but the winning of it, by millions of wage and salary earners who buy Victory Bonds, proclaims that they are united in their Will for Victory.

Canada's "V" Flag is recognition of the special effort that workers have put into their Payroll Savings Campaign. It means that employees have reached and passed their official objective, and that at least 9 out of every 10 employees are buying Eighth Victory Loan Bonds. That is why thousands of firms from coast to coast so proudly display it, and that is why their employees will win it again in the Eighth Victory Loan.

It isn't just another piece of bunting . . . it is a Symbol of Victory. So, remember this when you buy Victory Bonds . . . and remember also that you are keeping faith with those who fight for us.

LIFE'S LIKE THAT—"But, Mom . . . my return to civilian life has to come gradual!"
